

Apple Notes:

To personalize this composition on your 12x12 please put it in an environment, for example, on a table, on a plate, on a window sill. Please make the apple as BIG as you can in the 12x12. Consider extending the stem outward a bit more and even adding a leaf. We will all work from this apple reference, this is because we can all learn from each others solutions to the same artistic challenge.
